Basketball COVID Health Protocols

In an effort to keep our staff, families, and children safe, the YMCA has implemented the following practices and procedures. These are subject to change based on our community's current COVID conditions.

- **All participants, spectators and coaches must be able to answer NO to these daily self-screen questions in order to attend practice/games:**

1. Do you live with anyone or have you had close contact (prolonged or coughed on, for example) with anyone who has been diagnosed or diagnosed as likely with COVID-19 within the last 14 days?
2. Do you have a fever, cough and/or shortness of breath?
3. Do you have any of the following symptoms: fever, chills, difficulty breathing, fatigue, muscle or body aches, headache, sore throat, new loss of taste or smell, congestion or runny nose, nausea or vomiting, or diarrhea?
4. Any other signs of communicable illness such as a cold or flu?

If you answer yes to any of the above questions, you must stay home.

- Coaches and participants will wash or sanitize their hands before and after participating in practices/games.

- **Only one individual per child will be allowed to spectate during practice. Two individuals per child will be permitted during games. Children under the age of 1 year do not count as a spectator.**
- Spectators and participants should not arrive more than 5 minutes before the start of each practice/game.
- Participants in leagues aged 5 years and up will wear face masks when not active in practice or games including coming in and out of the building.
- Everyone who enters the YMCA must check-in at the Service Center so that we can ensure we know who was present in our facility at any given time.
- If any participants or family members who live in the same home test positive for COVID-19 or are exposed to someone with COVID-19, a parent must immediately contact Program Manager, Nicole Brown at 740-725-9622.
- If any individuals show symptoms during a practice/game, they will immediately be isolated and sent home to seek medical care.
- By enrolling a child in a Y Youth Sports Program, parents are assuming the risk of exposure to communicable diseases, including COVID-19.
- These, and any additional or modified health protocols, will be strictly enforced. Anyone not following these protocols will be removed from the facility.
